**space DESKING** design with total rationality and harmony of ideas, enhancing forms without overlooking the technical aspects of the content. Integrating various functional features, from effective cable management in different variations through to equipment extensions, it facilitates and support the use of the latest information and communication technologies.

**space DESKING** is height-adjustable adapting to the requirements of alternating users. It provides scintillatingly intelligent solutions for every kind of requirement, be it the combination of multiple workstations or the attachment of accessories to the worktop.

**space DESKING** represents the sum of each individual effort. It offers various type of product, each designed not only to meet specific technical and decor requirement, but also to work together to achieve total office organization.

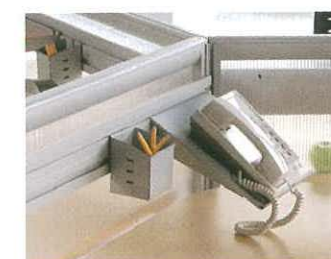

### The flexible workplace system

From one to two or three, **space DESKING** offers a positive and stimulating solution even in large open areas and resources whilst being practical and giving a sense of well-being.

It gave rise to a variety of configurations, which can all be easily reconfigured to meet the needs of the users.

A wide variety of accessories elements.

Vertebral cable riser.

**The superior standards demanded of an office**

**space DESKING** provides flexible, integral cable management. It captures the essence of the contemporary workplace with elegant simplicity.

It conveys a sense of clarity and inspires a creative approach to work with multi-functional, freestanding pieces designed to answer a variety of needs.

Multi-functional worktop extension.

Easy and effective cable management.

### The workplace that work

New shape and new possibilities to create the work space. Different depths make the using of desk even more flexible.

space DESKING user defined configurations and supplemented with a vast range of accessories, from dividers fitted with trays to filing system, that can be fixed to the worktop support.

### The privacy screen

The modular nature of **space DESKING** gave rise to multiple workstations, which are both highly productive and functional.

The addition of a "privacy screen" provides greater privacy, without hindering the exchange of ideas and information.

### The Conference

Workspace being increasingly expensive and hard to come by, multipurpose meeting areas are commonplace. In these situations, modularity and flexibility are essential.

**space DESKING** provides a perfect solution, as they can be easily reconfigured to serve different conferencing needs.
